

# Getting clip art and pictures from the internet

## Purpose:

To assist new and beginning users to get clip art and pictures from the internet. These pictures can then be used in assignments, presentations, and handouts.

## Considerations

This guide is for Windows XP, using internet explorer or firefox.

## HOWTO:

### **Go to one of these sites for clip art:**

<http://www.school-clip-art.com/>  
[http://www.teacherfiles.com/clip\\_art.htm](http://www.teacherfiles.com/clip_art.htm)  
<http://www.hasslefreeclipart.com/>  
<http://tell.fl.purdue.edu/JapanProj//FLClipart/>  
<http://classroomclipart.com/>

### **And one of these sites for pictures:**

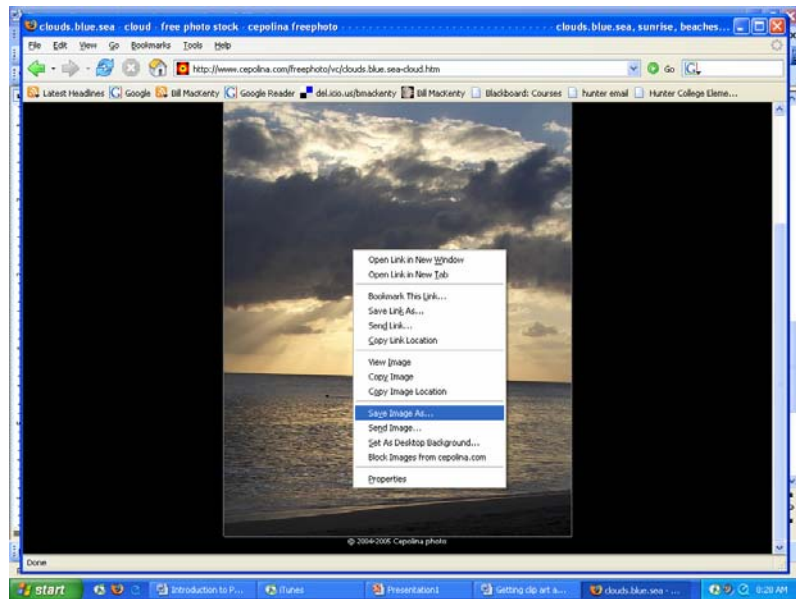

<http://www.stockvault.net/>  
<http://freestockphotos.com/>  
<http://www.cepolina.com/freephoto/>

### **Optionally, you can use Google image search**

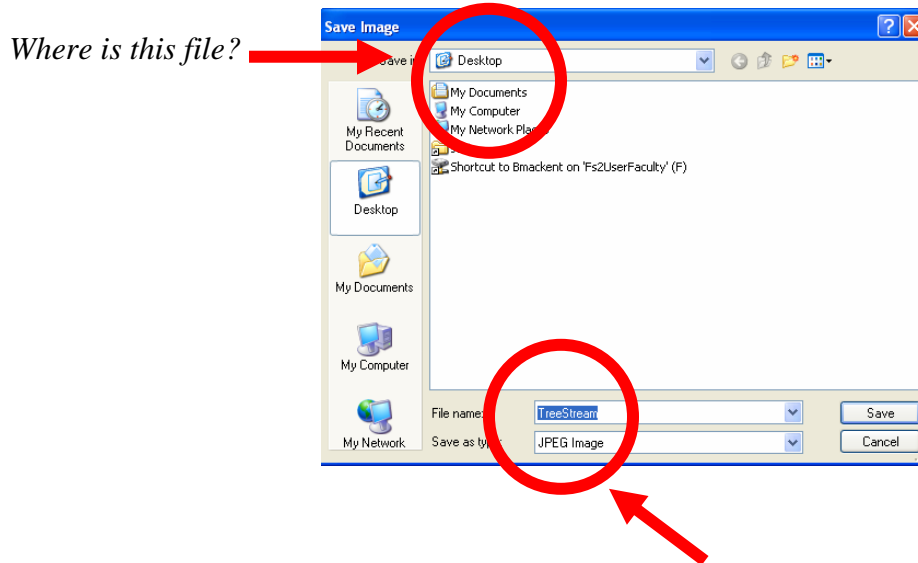

[Web](#) [Images](#) [Groups](#) [News](#) [Froogle](#) [Maps](#) [more »](#)

Once you have found a clip art or picture you like, simply right click on the picture or clip art and choose “Save Image As...”

There are 2 things to remember when you save something; the **name** of the saved file and **where** the files are saved.

That's all there is to it!
